WHY MS ECONOMICS AT MGHSS?

- A rigorous programme with 23 full-time PhD faculty members from renowned international universities.
- Repository of 126+ large data sets available to facilitate graduate research.
- Core and elective courses with real-life applications are taught.
- Knowledge of theoretical and empirical approaches to economics.
- From core courses in microeconomics, macroeconomics, econometrics, mathematics and statistics to electives, MS Economics offers a variety of modules.
- Economics students gain employment within three months of graduation.
- Students gain knowledge of both local and global issues relating to economics.

ABOUT MS ECONOMICS

- The MS Economics Programme has been designed to set a new standard in graduate level economics education in the country that meets international standards and rigourously trains students to conduct applied economics research.
- The Department of Economics offers two tracks: the MS Economics (1.5 year) and the MS Economics (2.5 year) programme.
- The programme provides strong grounding in theory and application, and is based upon a rigorous curriculum consisting of core and elective courses with the option of a Master’s thesis.

CAREER OPPORTUNITIES

- The MS Economics programme trains students to pursue careers in Economics and its sub-disciplines.
- Prepares students for doctoral studies in Economics, Public Policy and other sub-disciplines.
- The MS Economics degree opens up careers in the development sector, as professional economists in the public sector, careers in banking and finance, as data analysts in the public and private sector and education as well as research.

RESEARCH REQUIREMENTS

As part of the degree requirements, students are encouraged to write a thesis of one-year duration. Moreover, there are mandatory research projects in some of the core and elective courses. To facilitate student research, the Data Resource Unit (DRU) at the Department of Economics maintains a repository of more than 120 large data sets available in SPSS or STATA formats (http://dru.lums.edu.pk). Moreover, computational support is also available from DRU.

FACULTY

The Department of Economics boasts 23 full-time PhD faculty members from renowned universities around the world.

“An academically rigorous programme with a diverse mix of faculty members. The programme prepares the students to easily secure admissions in doctorate programmes abroad. At the same time, the department imparts practical knowledge to students, which helps our students secure jobs in various fields like Banking, Research and Development.”

Syed Muhammad Hussain
Assistant Professor
Department of Economics

“MS Economics was a very empowering training which gave me the confidence to compete and perform globally at the very top. Through the programme, I also got selected to participate in international economics conferences in India, Cairo, Copenhagen and Lindau, where I interacted with Nobel Laureates and some of the biggest names in economics and finance. LUMS itself is an exceptional institution which provides training in critical analysis and independent thinking, under the tutelage of a faculty who personally nurture students and give them the confidence to think, reason, question, argue, research, connect and develop.”

Mohammad Ali Farid Khawaja
MS Economics 2004
Partner, Autonomous Research, London

Muneza Mehmood Alam
MS Economics 2006
Economist, Transport and ICT Global Practice, World Bank, Washington, D.C.

FINANCIAL SUPPORT

LUMS offers generous financial support to deserving talent. Several financial support opportunities are available to MS Economics students on need and merit basis. These include:

- Merit scholarships
- Teaching Assistantships (1.5 year students are given preference)
- LUMS Interest Free Loans
- External Scholarships (if available)
