Computational Problem Solving (CS 100)

Credit Hours: 3

Course Pre-Requisites: None

Instructor: Junaid Haroon

Schedule: Monday to Friday (2 PM – 4 PM)

Course Description

This course provides a conceptual and practical introduction to programming. The focus is on programming rather than the particular choice of programming language, with general principles being brought out through the study of ‘C/C++’. This course will equip students with tools and techniques to implement a given problem programmatically.
