

PhD Management Admissions

Research Proposal Template

What is your broad topic of research? (Note that the topic of research may change later)
Why are you motivated to do research on the above-mentioned topic?
What are your broad research questions? What you want to know and what problems you want to solve, about the topic of your interest?
Why your research questions are important?
What do you know about the research topic and questions? (Please attach a bibliography of the literature you have read on the topic)
What do you know about the process of academic research?
How you want to do the research (e.g., quantitative, qualitative, or simulation), if admitted?

Notes: A single (or at max. two) page, typed proposal is sufficient. Attach bibliography at the end of this page.
